EDUCATION

University of Birmingham Dubai

MEng Computer Science and Software Engineering – (1:1) Predicted

Dubai, UAE

Sep. 2022 – Present

GEMS Wellington Academy Silicon Oasis

IB Diploma Program – 37/45 – 6,6,5 at Higher Levels

Dubai, UAE

Sep. 2020 – May. 2022

EXPERIENCE

Head Coach - Dubai Barracudas Bantam

Emirates American Football League

Jan. 2024 – Present

Dubai, UAE

- Implemented a powerful offensive and defensive scheme that lead to first championship victory in years
- Promoted a motivating team spirit to help players overcome tough challenges when facing opponents
- Significantly increased skill levels of all players, with different ranges of experience

Junior Inspector

Star Property Inspection

Jun. 2022 – Present

Dubai, UAE

- Collaborate with a team of engineers to snag properties across Dubai
- Generate high quality reports that clearly identify issues found within the property
- Inform clients of issues that were found within the property, providing advice on possible rectifications

PROJECTS

Quizze | JHipster, Angular, SpringBoot, PostgreSQL, Gitlab

Jan. 2024 – Present

- Developed a full-stack web application using JHipster to template Angular as the front-end and SpringBoot as the back-end
- Utilised SpringBoot to implement a REST API on the back-end
- Managed external API calls to dynamically generate quizzes using AI technology
- Implemented notebooks to use for studying, and dynamically generate quizzes based off notes

Advent of Code 2023 | Python, Git

Dec. 2023

- Participated in the annual Advent of Code competition
- Developed Python based solutions to complex problems
- Increased my skill level in Python as a learning developer

Job Seeker | React, Node.js, Express, MongoDB

Oct. 2021 – Apr. 2022

- Developed a full-stack web application using Express as the back-end and React as the front-end
- Implemented my own REST API to serve the front-end
- Provided users a platform to post job openings or apply for job opening
